Daniel Lehner 2013 CLC Graduate

We are so very proud to announce the graduation of Daniel Lehner from The Comprehensive Learning Center. Daniel came to CLC when he was 8 years old and we have had the privilege of working with him for the past 14 years. Rachel Murray, Trainer and Special Education Teacher at CLC, shared her heartfelt experiences in working with Daniel as he accepted his diploma in a room filled with students, friends, teachers and family.

Excerpt from Rachel Murray's speech....

"A great deal of Daniel's guidance came from his teachers over the years. They have pushed him to work hard, advance his educational and vocational skills and have always expected the most from him. Everyone here at CLC was ecstatic when Daniel started his first job at the GIANT Supermarket. Daniel has had an amazing support group of family, friends and teachers that have encouraged him every step of the way. No matter what the event was in Daniel's life, he always had his very own cheering section, forever led by Dan, Sandie and Kyle.

While Daniel has had the support of his family, friends and staff here at CLC, he alone has certainly earned his day. His dedication over the last 21 years is exceptional, and we know he will continue to do great things.

Like many graduates who are preparing to enter the work force, Daniel has already secured positions at Regional Cardiology Consultants and GIANT Supermarket. We wish him only the best in his future endeavors.

Congratulations Daniel, we are incredibly proud of you!"
